## GROUND TRANSPORTATION

### To and From the Airport:

[John Glenn Columbus International Airport \(CMH\)](#) is approximately 1.5 hours from the WATTS Manufacturing Facility ([Maps and Directions here](#)) and taxi fare will cost approximately \$150.00 (plus tax and ~\$10 to \$25 for each additional rider). Columbus metro area traffic can be somewhat at rush hour, and will add to the travel time and cost from the airport so please allow yourself adequate time.

### Local Travel:

Athens local traffic is not typically that congested, however the work commute hours of 8am and 5pm can be cause for slower traffic especially on East State Street in Athens where the better Hotels and eating establishments tend to be. The WATTS Manufacturing Facility is approximately 15 minutes from Athens. Please allow yourself adequate time to ensure your prompt arrival to the class at 8:00am each day.

### The following local Taxi services are recommended:

#### Athens Airport Express & GoTo Cab

[Visit Website](#)

**Location:** Athens & Surrounding Areas including airport service

[Email for more information](#)

**Phone:** 740-590-4686

They'll get you where you need to go!

Athens GO TO Cab is an owner operated cab company serving the Athens & Ohio University community. GO TO Cab has three taxi-vans that are used as taxis as well as for express airport service. The staff offers friendly service in vehicles that are safe and clean.

#### TABS Taxi and Airport Services

**Location:** St. Rt. 56

**Phone:** 740-594-8294

## ADDITIONALLY

As an aside, we recommend booking your travel arrangements to include a very late Friday or Saturday morning departure to ensure you have/take adequate time to complete the examination required to obtain certification. The examination is scheduled for 7 hours (includes 1 hour for lunch), however we provide students as much time as necessary for examination completion.
